# GRAPHING DATA FOR 1789 FRANCE

Just before the revolution, there were three legal social classes in France called the 1st, 2nd, & 3rd estates.

	Population	Land Ownership	Taxes Paid
1st Estate	1%	10%	0%
2nd Estate	2%	35%	0%
3rd Estate	97%	45%	100%

1.   Create a pie graph that shows the division of the French population into the 1st, 2nd & 3rd estates.

2. Compare the population, land ownership & taxes of the three estates in a bar graph.

Color Key:

☐   1st Estate

☐   2nd Estate

☐   3rd Estate

3. Which was the largest estate in France?

_____
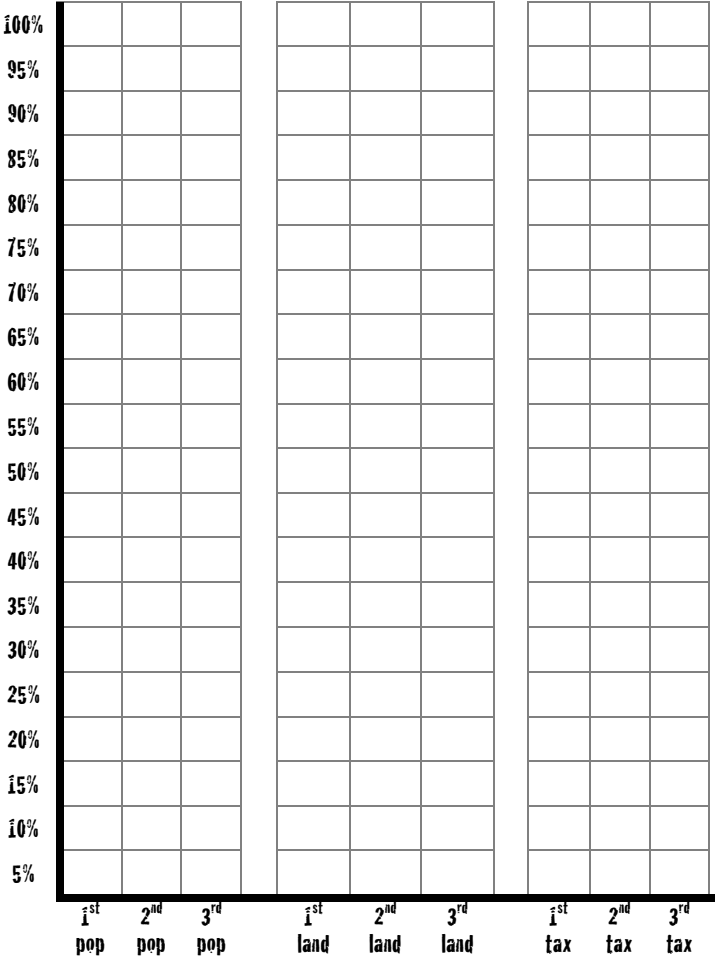

4. Which estate owned the most land?

_____

5. Which estate owned the most land per person? _____

6. Which estate had the highest taxes?   _____

7. Which estate had the lowest taxes?

_____

8. Review the graphs & explain what problems 1789 French society had.
